FORWARD-LOOKING STATEMENTS AND NON-GAAP FINANCIAL DISCLOSURES

Forward-Looking Statements

This presentation contains forward-looking statements. Such statements speak only as of the date on the cover of this slide deck, and EMCOR assumes no obligation to update any such forward-looking statements, unless required by law. These forward-looking statements include statements regarding anticipated future operating and financial performance; the nature and impact of our remaining performance obligations; the timing of future projects; our ability to support organic growth and balanced capital allocation; the financial impact of acquisitions, including the acquisition of Miller Electric Company; market opportunities and growth prospects; customer trends; cost management; project mix; continuation of trends, like data centers, reshoring and near-shoring, and the energy transition; and our safety and sustainability goals. These forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those anticipated (whether expressly or implied) by the forward-looking statements. Accordingly, these statements do not guarantee future performance or events. Applicable risks and uncertainties include, but are not limited to, adverse effects of general economic conditions; domestic and international political developments and/or conflicts; changes in the specific markets for EMCOR's services; weakness of the sectors from which we generate revenues; adverse business conditions; scarcity of skilled labor; productivity challenges; the nature and extent of supply chain disruptions impacting availability and pricing of materials; inflationary trends, including fluctuations in energy costs; the impact of legislation and/or government regulations; changes in interest rates; changes in foreign trade policy including the effect of tariffs; the lack of availability of adequate levels of surety bonding; increased competition; the impact of legal proceedings, claims, lawsuits, or governmental investigations; and unfavorable developments in the mix of our business. Certain of the risk factors associated with EMCOR's business are also discussed in Part I, Item 1A "Risk Factors," of the Company's 2024 Form 10-K, and in other reports filed from time to time with the Securities and Exchange Commission and available at www.sec.gov and www.emcorgroup.com. Such risk factors should be taken into account in evaluating our business, including any forward-looking statements.

Non-GAAP Measures

Information conveyed with this presentation also include certain financial measures that were not prepared in accordance with U.S. generally accepted accounting principles (GAAP). Reconciliations of these non-GAAP measures to the most directly comparable GAAP measures are included in the appendix to this presentation. The Company uses these non-GAAP measures as key performance indicators for the purpose of evaluating performance internally. We also believe that these non-GAAP measures provide investors with useful information with respect to our ongoing operations. Any non-GAAP financial measures presented are not, and should not be viewed as, substitutes for financial measures required by GAAP, have no standardized meaning prescribed by GAAP, and may not be comparable to the calculation of similar measures of other companies.

KEY TAKEAWAYS

1 EMCOR installs, services, operates, maintains, and protects **complex and dynamic systems and critical infrastructure for facilities in multiple growth sectors of the economy**

2 Expertise in **managing skilled trade labor performing complex installations and service** across mechanical, electrical, air conditioning, heating, fire protection, lighting, security, and power generation systems

3 Operates at the **intersection of long-term megatrends**, including data centers and connectivity; reshoring and nearshoring; efficiency and sustainability; as well as energy transition and expansion

4 **Resilient and flexible business model** with demonstrated ability to pivot to diverse and attractive end markets with strong demand and long-term secular trends including data centers, semiconductors, biotech, life sciences and pharmaceutical, manufacturing and industrial, and healthcare

5 **Mission First, People Always** commitment drives our ability to attract, invest in, and retain talent, while prioritizing the health and safety of our workforce

6 Track record of disciplined execution has resulted in **strong operating cash flow generation and a liquid balance sheet** that supports a balanced capital allocation strategy and makes us a valued business partner on large, complex and sophisticated projects

EMCOR AT A GLANCE

- » A Fortune 500® company, EMCOR Group, Inc. (NYSE: EME) is a leader in mechanical and electrical construction, industrial and energy infrastructure, and building services
- » Service offerings specialize in the planning, installation, operation, maintenance, and protection of complex, sophisticated and dynamic systems and critical infrastructure in facilities, including:

Mechanical

Electrical

Air Conditioning

Lighting

Heating

Security

Fire Protection

Power Generation

- » EMCOR companies serve a diverse range of non-residential sectors across many parts of the economy
- » Benefitting from multiple trends across data centers and connectivity; reshoring and nearshoring; efficiency and sustainability; and energy transition and expansion

WHY EMCOR WINS

LEADER IN VIRTUAL DESIGN AND CONSTRUCTION AND PREFABRICATION

Virtual Design and Construction (VDC)

- » One of the most valuable digital tools available to specialty contractors today
- » EMCOR companies across the country use VDC technologies, including Building Information Modeling (BIM), to design, build, and coordinate complex electrical and mechanical projects of all types

Prefabrication

- » By using VDC and BIM, EMCOR companies utilize prefabrication in their construction processes, offering customized electrical, sheet metal, fire sprinkler, and piping fabrication
- » Many of our companies maintain state-of-the-art shops across the country, totaling hundreds of thousands of square feet of fabrication and warehouse space

MISSION FIRST, PEOPLE ALWAYS CULTURE GUIDES OUR STRATEGY AND OPERATIONS

Our People

- » Foundational focus on our workforce and culture that values **integrity, discipline, transparency, mutual respect and trust, commitment to safety, and teamwork**
- » Striving for a zero-injury environment and culture across our operating subsidiaries
- » Industry leading TRIR – less than half the industry average for the 16th consecutive year
- » **Our commitment to safety and investment in talent make EMCOR an employer-of-choice**

Sustainability

- » **We are committed to strong sustainability practices and strive to be transparent on these initiatives**, in-line with our shareholders' expectations
- » Our sustainability reporting **is guided by the Sustainability Accounting Standards Board (SASB) standard** for the Engineering and Construction Services industry
- » Incorporated guidance from the recommendations of the Task Force on Climate-Related Financial Disclosures (TCFD) to disclose scope 1, 2 and 3 greenhouse gas emissions and set forward-looking reduction goals for scope 1 and 2

2025 SUMMARY

- » Record RPOs of \$11.75 billion and healthy project pipeline
- » Our operating teams continue to execute and deliver for our customers on complex and difficult projects
- » Continue to execute well in large, diverse and attractive end markets with strong demand and long-term secular trends, including **Network and Communications** (e.g. data centers); **High-Tech Manufacturing** (semiconductors, biotech, life sciences and pharmaceutical); **Manufacturing and Industrial** (driven by reshoring and domestic capacity expansion and alternative energy projects); and **Healthcare**.
- » Robust demand for fire life safety projects and aftermarket services across most sectors
- » Solid HVAC aftermarket growth opportunities driven by energy efficiency / Indoor Air Quality (IAQ), retrofit, and building controls installations and upgrades
- » Macro uncertainties include trade policy impacts (such as tariffs), supply chain disruption, elevated interest rates, legislative trends, energy policy, and global conflicts
- » Must continue to manage costs and exercise discipline, train and share best practices, while proactively addressing potential issues
- » Disciplined approach to capital allocation, focused on organic investment, strategic acquisitions, and returning capital to shareholders will continue to drive value and amplify opportunities for us
